Dear Hiring Manager,

I express my interest in the Project Manager position at [Company Name]. I am currently pursuing a Bachelor of Science in Computer Science and Mathematics at the University of Toronto, with an expected graduation in May 2028. My academic background, technical projects, and leadership experiences have prepared me to manage complex initiatives and collaborate effectively with diverse teams.

In my role as a Machine Learning Researcher with the University of Toronto Machine Intelligence Student Team, I developed advanced image colorization models using over one million images from datasets like ImageNet and COCO, improving accuracy by 30%. This experience has refined my technical expertise and project management skills under tight deadlines.

I am confident that my approach will be a strong asset to your organization. I warmly welcome the opportunity to discuss how my qualifications align with your goals.

Sincerely,
Marcus Chuong
